

Your Flexible Partner for Business Systems

An official partner of

UNIT4

With more than 15 years' experience implementing Unit4 products, G7 has grown into one of the largest – and most trusted – of Unit4 partners. We are proud of our longstanding expertise, and also our end-to-end delivery and flexible approach.

A long-standing partnership

At G7, we've worked with Unit4 across a range of sectors, and in a number of capacities.

With a large team of Unit4 Business World Consultants and Project Managers (many of whom moved across from Unit4 as part of the partner programme), G7 has the skills and experience to:

- Lead projects
- Run solution design workshops
- Build and test systems
- Provide end-to-end training
- Offer post go-live support
- Advise on business processes

G7's expertise covers all areas of an ERP system both during and after the implementation. That's why we've become a tried, tested and trusted partner for Unit4.

Upgrading with G7 – Having access to the right services at the right time

G7 offers a unique blend of consultancy services and Application Managed Service for your upgrade.

G7's Application Managed Service is designed to cover a wide range of questions and issues, and is especially valuable during the testing phase of an upgrade.

Full implementation capabilities and cross-sector knowledge

G7 has led and supported Unit4 Business World implementations across many sectors, including Education, Commercial, Central Government, Local Government, Health, Not for Profit and Charities.

We cover all areas of the ERP suite; financials, logistics, project, research, fixed assets, Income Manager, HR and payroll – as well as technical areas, such as data migrations and interfaces.

Why not call and speak to our friendly team today?

"G7 has been a breath of fresh air to a problematic and lengthy upgrade project. They take a methodical, yet innovative approach and involve us in every step to ensure we benefit long-term from the work they are carrying out. Their consultants are professional, friendly and team players; they also work well alone. We very much enjoy working with G7 and are glad to have them on-site."
